

DIVERSITY

in CLINICAL TRIALS for MIGRAINE

Clinical trials allow people with migraine to:

Access **cutting-edge** migraine **treatments**

Receive **tailored care & monitoring**

Help **researchers** explore new treatment options

Advance migraine care for patients across the country

Women and people of color are underrepresented in clinical trials for migraine.

EVEN THOUGH
75% OF PEOPLE
LIVING WITH MIGRAINE
ARE WOMEN.

Diversity Matters.

MIGRAINE IS AFFECTED BY:

Behavior

Biology

Environment

Life Circumstances

Research requires diverse participants to develop treatments that work for ***all patients***.

The Headache
& Migraine
POLICY FORUM

Diverse clinical trials make for more equitable outcomes.
